Keep in mind that many of the people advocating a reversal of the Afghan withdrawal spent years running the war and misleading the American people and Congress about how effective the ANSF actually were.

In retrospect, we couldn't trust them then and we shouldn't trust them now

Announcing in May that we'd be out of AFG by September gave the Taliban 3 months of prime fighting season to prepare this offense.

We should have left decades ago, in the dark of night w/ decisive violence, just like we did when we invaded.

Maybe if GEN Milley wasn't pushing CRT and woke extremism within our military so much, he would have actually known what was going on in Afghanistan.

This MASSIVE error proves that GEN Milley is not competent to remain in his position.

Nick Short @PolticalShort

"The Afghan Security Forces have the capacity to sufficiently fight and defend their country." Gen. Mark Milley, the chairman of the Joint Chiefs of Staff, July 21, 2021. Milley had no idea what he was talking about.

this was even before that. I worked with a guy who was gone for months of tours in Afghanistan and he told me many stories on how corrupt the security forces were. He said they were a bigger problem than the Taliban. They almost ran over one of his men which led to a standoff

Biden trusted the generals who said the AFG army would hold so he didn't want to w/drawl in May, fearing an easy Trump win.

The generals figured they could just keep delaying the w/drawl to keep the war going, it worked for nearly 2 decades so why would this be different?

Yes, we owe the Afghans who fought along side us a way out.

That does not change our 1st responsibility to the safety & security of our nation.

We must lean on our regional partners to absorb most of these refugees.

This is dangerous, there is no way we vetted all 30k of them.

A major issue in the latter part of this war was insider threats or green on blue attacks, "vetted" Afghans turning their weapons on us.

Bringing this volume of unvetted refugees is just negligent.

I would've had a ton of respect for Biden if he would have come out & just said the pentagon lied to him & fired the secdef, CJCS & centcom cdr.

But he knows how dangerous the national security establishment can be, he's employed against Trump & Flynn, now he's stuck.

There were no repercussions for the national security est actively working against Trump, they were praised & protected.

This time could be different, Biden was screwed by the generals, so we may get some accountability. It is still unlikely but more possible than before.

When Trump tried to end our war in Syria Mattis & McGurk resigned, they were praised & rewarded by the DC establishment, the war went on.

Now that Biden is ending a war the DC establishment seems to be frozen, they thought they had bought more time but Biden forced it.

I have & will criticize his record & how we are executing this withdrawal, but these statements are true and the American people need to hear them.

It's just tragic it took him this long to arrive at these conclusions & make these decisions.

I honestly feel like a major historical glass ball has been dropped by our President. That the curtain has been pulled and that the man behind it and those who have been hiding him have been exposed. Our allies and enemies have begun distancing themselves from the US.

Battle Ground, WA. Today, Candidate Joe Kent made the following statement on the Biden administration's Afghan refugee quagmire:

"America Last politicians have called for the United States to permit tens of thousands of refugees to flow into our country. Such a national security threat can lead to insider attacks, radicalization in migrant communities and will be a further strain on the welfare state.

Those Afghans threatened by the Taliban can be sent to our regional partners in the Middle East for vetting. The vast majority of the refugees should be taken by Qatar, the United Arab Emirates, and Turkey.

I agree that we must protect our brave Afghan allies who fought with us. These are not just hollow words for me. As we withdrew from Iraq in 2011, I assisted three brave Iraqis who served with my special operations units in Iraq. The SIV process must be thorough, and we cannot forego the security of our nation in the process. Loading unvetted Afghans on planes and flying them into the United States is negligent and the polar opposite of how this process works.

The GOP establishment wants to appear woke to score cheap political points. They are doing this at the risk of our security and sovereignty. Putting governors such as Jay Inslee on the spot by demanding he accept refugees is an unmitigated disaster. These America Last politicians do not have the foreign policy experience to comprehend the threat unvetted migrants cause to our Republic. We cannot allow Washington state to be the dumping ground for Biden's new voters. We are already a [illegible]

Congresswoman Marjorie Taylor Greene Introduces Three Impeachment Resolutions Against Joe Biden

Washington, D.C. – Today, Congresswoman Marjorie Taylor Greene introduced three impeachment resolutions against Joe Biden for his dereliction of duty in Afghanistan, his violations of immigration law causing a national security crisis on our Southern border, and his usurping of the Constitutional balance of power by ignoring the ruling of the Supreme Court.

Congresswoman Greene released the following statement:

"In seven short months, Joe Biden has caused America to lose the respect of the entire world. The evidence is clear and his actions are so egregious that he must be impeached.

In Afghanistan, Biden's woke generals bungled their pullout, ran the disgraceful sacrifices made by every American soldier who fought in the 20-year war, especially those who gave their life for the cause. Biden left behind over 80,000 American citizens to face the terrifying rule of the Taliban as they impose Sharia law across the country. No commander-in-chief should leave Americans behind in the aftermath of a failure.

On our Southern border, Joe Biden has allowed hundreds of thousands, if not millions, of illegal aliens into our country. His administration, along with Kamala Harris, has violated our immigration laws, depleted our Border Patrol of manpower and resources, and created a national security crisis by allowing unknown foreign nationals into our country who wish to do harm to Americans.

Across the country, Americans are facing an economic crisis created by tyrannical Democrat politicians. Joe Biden, acting as a pseudo-dictator, has ignored the Supreme Court and issued his own eviction moratorium. He is directing the Centers for Disease Control and Prevention to act outside of the scope of power that the Supreme Court declared was a power of Congress.

This is a process no one wants to go through, but it is a necessary process for the safety and security of the country and the American people.

We are a nation in distress. Our foreign allies and even our own citizens can no longer trust our government in the hands of Joe Biden. It is the duty of Congress to hold the president accountable when he puts our nation at risk and ignores the rule of law.

Currently, our government is illegitimate because it is no longer serving its citizens. We have to restore respect for America at home and abroad, and our citizens in both the government.

Joe Biden must be impeached, tried in the Senate, convicted, and removed from office."

Biden is not trying to end the war out of conviction, he knows it's popular & his approval rating is tanking

He is egotistical enough to assume the mil indust complex / media (who made him) would let him end a war. Now we are seeing what the system wants, the decline of America.

It's ridiculous to say we could have won in AFG if only we....

As long as our success hinged on an AFG gov it was not a serious effort. It was a grift.

It's also ridiculous to say we couldn't have gotten all our people out between May & now.

This incompetence is also a grift.

Congress must demand to know why anyone is being evacuated before Americans and why there is no plan to get Americans to the airfield.

The military has no excuse for being this unprepared for an evacuation from AFG.

They were supposed to be out by May, plans should have been in place to get our ppl by then, so the shift to September should not have effected those plans.

Biden is right we had to get out of Afghanistan, but he is lying that we had to go out this way.

If he was adamant that we had to go he would have gotten us out in May or sooner.

The Taliban shouldn't be dictating how we get our ppl out

When our embassy in Baghdad was threatened Trump sent a clear message to our enemies by killing Sulmani & Muhandis

The TB are dictating terms b/c they know Biden is weak & willing to sacrifice US lives to avoid conflict

Remember, the GOP does not own us, they are not our only option.

They think we are too timid & uninformed to vote otherwise.

That's all changing, vote out the snakes & cowards. America 1st is the future!

The Taliban is in a position of strength. They know Joe Biden is weak and they hold 10-15k Americans hostage in Kabul. We need to move heaven and earth to get all of our citizens out of Afghanistan. Unvetted refugees should never be given first priority. #AmericaFirst 🇺🇸

The AFG crisis is exposing a friction point in the permanent ruling class - on 1 side is unadulterated political power; Biden needed the win of ending our longest war, at any cost, to save his abysmal legitimacy.

On the other is the MIC; it craves endless war & nation building.

The need to pull out of AFG & the myth that the cost of the MIC is worth it cannot coexist Pull out AFG gov/mil crumble, the generals knew this & lied, hoping to by more time.

Had Trump attempted this the entire system would have revolted w/ resignations, leaks & defiance w/ the media cheering it on

Biden is the perfect storm of ego & incompetence to create this crisis & the MIC & media are in shock one of their own would try to actually end a war

The priority is not getting our people or our allies out, it is flying unvetted Afghans to the US.

The numbers don't lie.

Our national security establishment & sham president believe we are a power in decline & want to benefit from the decline.

Our institutions have failed.

Do you support the two congressmen who went to Kabul to gather facts on the ground (without much forewarning to DOD/WH)? I can feel the people on the ground getting DV's dropped on them, but as you point out, lots of lies and misdirection going on

No leaders named in this "retaliation" strike as we let the TB into our perimeter.

The TB is planning their next strike.

Hit the TB leadership so hard it provides time & space to get our ppl out.

So the US Government knew so little about what was happening in Afghanistan that they had no idea the Afghan Security Forces would evaporate and the Taliban immediately take over, but they were able to find within 24 hours the precise ISIS-K "planner" to kill? OK.

Most Americans don't understand what's happening in Kabul - been on this all night again w no end. US citizens are fighting through enemy lines to get to the airport. When they show their blue passport to 82nd soldiers at the gate, many are turned away & sent back to the Taliban.

US citizens are, in fact, being told not to come to the airport b/c of the risk of terrorism. The Taliban have let thousands through but post-terror attack it's not safe to have Americans there. Violence and kidnapping have always been big risks in Kabul throughout the occupation.

The only part of this operation that has been efficient has been flying thousands of unvetted Afghans into America.

We pushed our troops into the crowd for the sake of optics & the TB set the conditions & attacked.

Now Americans are being turned away & left.

Impeach Biden.

Announcing in May that we'd be out of AFG by September gave the Taliban 3 months of prime fighting season to prepare this offense

it was no more inevitable than the North Koreans annexing the south, the Germans conquering Europe, or the Emperor of Imperial Japan regaining power. It was a matter of will, the will to see a thing through. We had it in those cases - we lacked it in this case. Thats it.

The MIC's cash cow is building armies & govs

It's evident that the mil commanders prioritized getting Afghans into HKIA over the safety of our troops

We have 2 decades of defending entry points from s-vest attacks.

Those procedures took a back seat to producing metrics & feel good pics of our troops holding babies etc.

Pedro L. Gonzalez @emeritus

US commanders reportedly had advanced knowledge of the Afghan suicide bomber *and* failed to ensure troops were properly protected. Military brass have chronically become a national security threat.

Joe Kent Announces Endorsement from former Washington State Republican Gubernatorial Nominee Loren Culp

Battle Ground, WA. Today, Candidate Joe Kent announced that Loren Culp has endorsed his candidacy. Culp made the following statement:

"I am honored to endorse Joe Kent for Congress in Washington's Third Congressional District. Joe Kent is an America First patriot with eleven combat deployments. As a Green Beret, Joe saw first-hand how our national security establishment weakened our Republic. Joe's opponent is an America Last RINO that voted to impeach President Trump, voted to stop the construction of the border wall, supports amnesty, and the perpetuation of our forever wars abroad.

I encourage you to join me in supporting Joe Kent for Congress in Washington's Third Congressional District to take back our Republic and put America First."

Joe Kent made the following statement:

"I am honored by Loren Culp's endorsement. Loren is an icon in Washington politics. After exploding onto the political scene in 2018 by refusing to comply with Olympia's unconstitutional gun ban, his historic Gubernatorial run last year sparked a wave of conservative grassroots activism across the State of Washington and garnered more votes than any Republican Gubernatorial candidate in Washington State history.

I believe together we can remove the America Last RINO's from Washington politics, save our Republic, and restore our nation's future."

Joe Kent is available for interviews. If interested, please email Byron Sanford at byron@joekentforcongress.com or contact him via cell at 360.210.6943.

I am proud to give my full, enthusiastic endorsement to Joe Kent for Congress.

Joe will be a great #AmericaFirst leader at a time when our nation needs patriots most.

GAETZ FOR CONGRESS

FOR IMMEDIATE RELEASE
August 31, 2021

Since I was elected to the US Congress, I've consistently stood for America First values: building the wall and securing our border, opposing amnesty for illegal aliens, ending America's forever wars, and defending all of the progress that President Trump achieved during his historic presidency.

But I cannot do it alone. I need allies. And in this battle for the future of our country, Joe Kent has emerged as someone the America First movement can count on and whom I want on our side in the fight against Nancy Pelosi, Joe Biden, and the corporate-owned RINOs in Washington.

Joe's opponent may have an "R" next to her name, but she may as well be a Democrat. She voted to impeach President Trump, to stop the construction of the border wall, for amnesty, and to tie President Trump's hands when he wanted to deploy the National Guard to defend our cities against Antifa. Crucially, she has voted again and again for endless wars abroad.

The future of our party and our country does not belong to her. It belongs to a new generation of leadership, and in the vanguard of that leadership is Joe Kent.

I am honored to give this eleven-tour combat veteran, this gold star husband, this father, and this patriot, Joe Kent, my full endorsement.

It's difficult to draw a clear moral from that. Or to say, well, this death led to x number of Marines living another day, as you can with Jordan. And yet, when I think of heroism, I don't think first of the Jordans of the world, as worthy as they are.

Here s Donald J Trump's endorsement of 1 It s a big deal

SAVE AMERICA
PRESIDENT DONALD J TRUMP

Endorsement of Joe Kent

Joe Kent is a retired Green Beret and Gold Star husband running against RINO and entrenched Congresswoman Jaime Herrera Beutler in the 3rd District of the State of Washington. Joe served his country proudly for many years and understands the irreparable cost of America's wars in the Middle East and elsewhere. In Congress, Joe will be a warrior for the America First agenda, unlike many Republicans who vocally oppose the forever wars but fail to fight against the Republican Party and for the Democratic impeachment hoax.

Joe Kent is serving on Crime and the Border, Armed Services and Veterans, and will protect our Second Amendment, which is under siege. I met Joe at Dover Air Force Base on the evening that his wife was being brought back from the Middle East, where she had been killed in combat. It was a very sad ceremony for a fallen warrior, who was incredibly represented with class and told how dignified everyday men for military service and leadership in Washington D.C. Now he is running, and Joe Kent has my Complete and Total Endorsement!

President Donald J. Trump announces endorsement of Sean Parnell for U.S. Senate

AMERICA
PRESIDENT DONALD J TRUMP

Endorsement of Sean Parnell

Sean Parnell is running for the United States Senate to serve the Great Commonwealth of Pennsylvania. Sean bravely fought for our Country as a Captain in the U.S. Army and was awarded two Bronze Stars (one for valor!) and the Purple Heart. Unlike our current administration, he never left anyone behind. Sean is a great candidate who got robbed in his congressional run in the Crime of the Century: the 2020 Presidential Election Scam. He will make Pennsylvania very proud and will fight for Election Integrity, Strong Borders, our Second Amendment, Energy Jobs, and so much more. Sean Parnell will always put America First. He has my Complete and Total Endorsement!

Is SecDef proposing a reinstatement of the draft but it only applies to minorities? I hate using that word when it comes to the military. My shipmates often had a different complexion than me but they are my brothers and sisters. Some of the finest people I ever met. I miss them.

Huge news for @SeanParnellUSA

This warrior will make a terrific Senator. He's one of "The Outsiders" -- the growing and impressive crop of America First candidates who enter key races from beyond the world of politics.

SAVE AMERICA

PRESIDENT DONALD J. TRUMP

September 2021

Endorsement of Sean Parnell

Sean Parnell is running for the United States Senate to serve the Great Commonwealth of Pennsylvania. Sean bravely fought for our Country as a Captain in the U.S. Army and was awarded two Bronze Stars (one for valor) and the Purple Heart. Unlike our current administration, he never left anyone behind. Sean is a great candidate who got robbed in his congressional run in the Crime of the Century: the 2020 Presidential Election Scam. He will make Pennsylvania very proud and will fight for Election Integrity, Strong Borders, our Second Amendment, Energy Jobs, and so much more. Sean Parnell will always put America First. He has my Complete and Total Endorsement.

During the w/drawl we were told our troops were sacrificing & dying for "our allies" making it appear that we were saving interpreters & soldiers who fought along side us.

That was a lie, we left allies & Americans so over 100k unvetted Afghans could be flow to the US.

WSRP Statement On Afghanistan

BELLEVUE The Washington State Republican Party's (WSRP) Chairman Caleb Heimlich today, called for Governor Inslee to give much-needed asylum to our allies that fought side by side with American Armed Forces in Afghanistan and whose lives are now in jeopardy due to the fall of Kabul because of President Biden's incompetence.

"President Joe Biden has completely failed as Commander-in-Chief and bungled the U.S. Military withdrawal from Afghanistan. It is even more appalling that he tried to avoid publicly addressing this disaster by hiding out at Camp David. As this crisis of leadership plays out on the world stage we need to act fast to prevent more loss of life. Governor Jay Inslee should follow in the footsteps of former three term Washington State Republican Governor Dan Evans who granted asylum to thousands of displaced Vietnamese who fled their country following the fall of Saigon in 1975. We call on Governor Inslee to make the same offer to the Biden Administration and bring those who worked directly with us and our allies in Afghanistan, who are literally marked for death, to safety in our state. Due to Biden's failure this is the only option left to save the heroes that helped protect and support our troops for all these years."

Afghanistan & Iraq war congressional commissions are a must.

The status quo must be broken & there must be accountability.

The pressure to bring a large number of Afgs into HKA resulted in top down pressure from Biden to mil brass to the commanders on the ground

This pressure resulted in procedures being thrown out to accomplish the only mission that was a priority - large numbers of evac'ed afgs.

Among the 13 American troops killed in Afghanistan on August 26 was 20-year-old Rylee McCollum. He was weeks away from the birth of his first child when he died.

In exchange for his and the other's deaths, Republicans and Democrats imported ungrateful people like this.

The Pentagon, IC & media are silent on this because they want to normalize ties w/ the Taliban & shift the narrative to supporting TB vs. ISIS-K.

The Iraq / Syria OIR model.

Biden admin is silent b/c they want it to just go away & ease the way for CCP mineral mining.

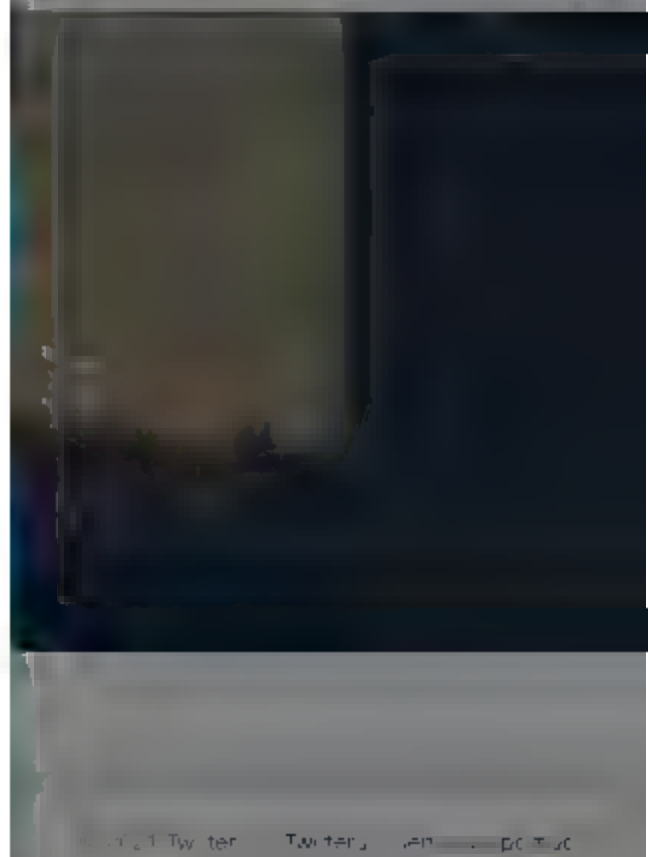
Washington State Republican Party

WSRP Statement On Afghanistan



BELLEVUE — The Washington State Republican Party's (WSRP) Chairman Caleb Heimlich today, called for Governor Inslee to give much-needed asylum to our allies that fought side by side with American Armed Forces in Afghanistan and whose lives are now in jeopardy due to the fall of Kabul because of President Biden's incompetence.

"President Joe Biden has completely failed as Commander-in-Chief and bungled the U.S. Military withdrawal from Afghanistan. It is even more appalling that he tried to avoid publicly addressing this disaster by hiding out at Camp David. As this crisis of leadership plays out on the world stage we need to act fast to prevent more loss of life. Governor Jay Inslee should follow in the footsteps of former three term Washington State Republican Governor Dan Evans who granted asylum to thousands of displaced Vietnamese who fled their country following the fall of Saigon in 1975. We call on Governor Inslee to make the same offer to the Biden Administration and bring those who worked directly with us and our allies in Afghanistan, who are literally marked for death, to safety in our state. Due to Biden's failure this is the only option left to save the heroes that helped protect and support our troops for all these years."

Today, all previously appointed Presidential appointees to the West Point Board of Visitors were asked to resign or be terminated by end of day. My response to that request is below:

govern. President Biden ran on a supposed platform of unity but his actions speak directly to the contrary. Apparently, unity is only for those who conform.

When I joined the Board under the Trump Administration, there were holdovers from the Obama Administration. They were not terminated but instead served alongside Trump appointees. This mix of perspective, experience, and belief systems ensured there was diversity - a value the Democratic party purports to hold above all else

I'm having a hard time believing that the ACLU -- just out of the blue -- decided to reverse its long-time civil libertarian position *against* vaccine mandates by announcing, just days before Biden imposed them, that they now favor them. Coincidences that extreme are . . . rare.

The ACLU, which is currently funding Gavin Newsom's campaign to stay in power and making videos for the Democratic Governor, is a totally and completely non-partisan organization that only cares about civil liberties and doesn't serve any political party

Who is most affected be our new punitive mandates? Yep, low-income and Black and Latino communities. This isn't an ideology battle. It's about well-defined groups of people who are still very hesitant. This is a leadership failure, plain and simple. #VaccineMandate

Republican governors must realize that a vaccine mandate concocted by the management of Walmart is just as tyrannical as a vaccine mandate ordered by the federal government and eagerly executed by the management of Walmart.

For employees, both mandates are boots on their necks.

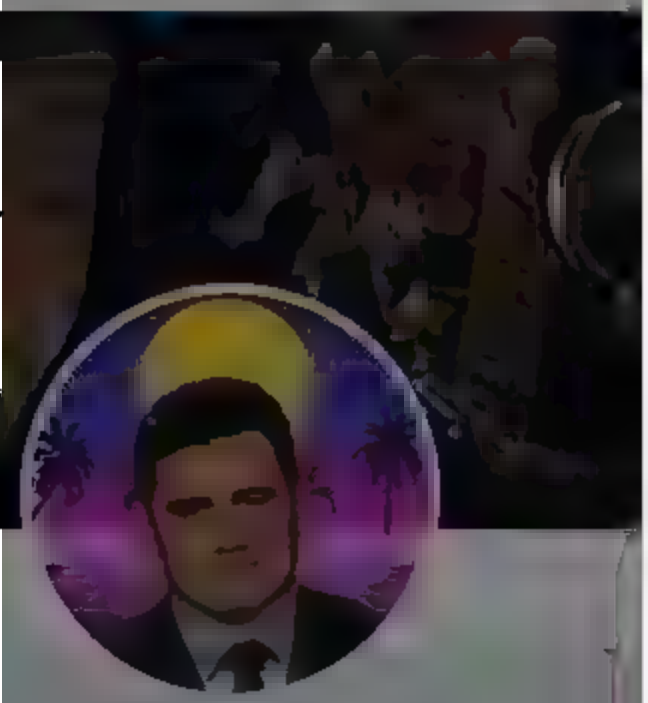
The best thing that Republican Governors can do right now, before Biden's tyrannical order goes into effect and before citizens lose their jobs is ban the creation and implementation of vaccine mandates by private companies in their states



Make Biden's rule unenforceable.

"The failure of the 1965 Immigration Act was written all over the smoking ruins of 9/11, yet there has been no concentrated public reflection on this in the 20 years since." - Alexander Riley in @ChroniclesMag

grounded way to conceive of 9 11 as significantly enabled by Americans Our immigration policy has been deeply misguided since the Immigration and Nationality Act of 1965 It passed Congress in a wave of misrepresentations about its intent and its probable consequences, and massively increased immigration from parts of the world which were culturally light-years apart from us.

The failure of the 1965 Immigration Act was written all over the smoking ruins of 9 11 yet there has been no concentrated public reflection on this in the 20 years since.

The left is not hiding the fact that they are in control & have the power to cleanse the ranks of those who do not submit

He is one of the reason you see so much woke tweeting from Sr Mil leaders

They are pledging their loyalty to the new order & cleansing themselves of the old

Special ops leans heavily right, that's why Biden's team put such an outspoken monitor in SOCCOM & is not having him tidy up his social media. It's a not so subtle warning

Never forget the lives lost on this day.

Never stop pursuing those who attacked us.

Never allow those benefitted from the lies that followed this day to hide behind the valor & honor of those who lost their lives in the wars that followed 9/11.

Lean into the pain.

The 9/11 generation is defined by the actions we took after our nation was attacked.

We volunteered for war time & time again, but never felt like we did enough.

Our generation will be defined by what we do next as much as we were by 9/11 & the wars.

It's on us once more.

The only place Bush should be on 9/11 is answering to the American people for all his lies.

Instead he's just showing us that the regime is not just one party, it's the ruling class that despises us & is not done exploiting us.

Joe Kent Endorses Jackson Lahmeyer for United State Senate

Battle Ground, WA Today, Candidate Joe Kent announced his endorsement of Jackson Lahmeyer for United State Senate from the state of Oklahoma

Not only is it imperative that we remove RINOs from the House, but we also have to remove them from the Senate Especially Red State RINOs

Oklahoma, a state where President Trump won al 77 counties in, deserves to have a Senator who will represent it s values in Washington

James Lankford does not represent the great people of Oklahoma He represents the Swamp.

He is pro Amnesty. He wants to erase our heritage He bends a knee to the woke mob. And he flirted with impeaching Trump after the January 6 hoax

My friend, Pastor Jackson Lahmeyer will be an unapologetic advocate for Oklahoma values and will help advance the America First agenda. And unlike James Lankford, he will fight back against the radically left Biden regime.

Not only is it imperative that we remove RINOs from the House, but we also have to remove them from the Senate. Especially Red State RINOs

Oklahoma, a state where President Trump won all 77 counties in, deserves to have a Senator who will represent it's values in Washington

James Lankford does not represent the great people of Oklahoma He represents the Swamp

He is pro Amnesty. He wants to erase our heritage He bends a knee to the woke mob. And he flirted with impeaching Trump after the January 6 hoax.

My friend, Pastor Jackson Lahmeyer, will be an unapologetic advocate for Oklahoma values and will help advance the America First agenda And unlike James Lankford, he will fight back against the radically left Biden regime

Joe Kent Endorses Jackson Lahmeyer for United States Senate

Battle Ground, WA Today, Candidate Joe Kent announced his endorsement of Jackson Lahmeyer for United States Senate from the state of Oklahoma

Not only is it imperative that we remove RINOs from the House, but we also have to remove them from the Senate. Especially Red State RINOs

Oklahoma, a state where President Trump won all 77 counties in, deserves to have a Senator who will represent it's values in Washington

James Lankford does not represent the great people of Oklahoma He represents the Swamp

He is pro Amnesty. He wants to erase our heritage He bends a knee to the woke mob. And he flirted with impeaching Trump after the January 6 hoax.

My friend, Pastor Jackson Lahmeyer, will be an unapologetic advocate for Oklahoma values and will help advance the America First agenda And unlike James Lankford, he will fight back against the radically left Biden regime

Jackson Lahmeyer has my FULL endorsement

Joe Kent is available for interviews If interested, please email Byron Sanford at byron@joekentforcongress.com or contact him via cell at 360.210.6943.

As I've said, the difference between a conspiracy theory and the truth is about 6 months.

The Washington Post

Democracy Dies in Darkness

CORRECTION

Earlier versions of this story and its headline inaccurately characterized comments by Sen. Tom Cotton (R-Ark.) regarding the origins of the coronavirus. The term "debunked" and The Post's use of "conspiracy theory" have been removed because, then as now, there was no determination about the origins of the virus.

We have to keep pushing back on all fronts against this creeping march towards tyranny.

Vaccine mandates are the first of many Orwellian measures we can expect in the months to come.

What if Trump would have pulled troops out of Afghanistan in January 2021?! Syria in 2018?!

A lot less gold star families.

If Milley told the PLA about any proposed or likely military action or agreed to give warning of such he committed TREASON

> In the book's account, Milley went so far as to pledge he would alert his counterpart in the event of a U.S. attack, stressing the rapport they'd established through a backchannel. "General Li, you and I have known each other for now five years. If we're going to attack, I'm going to call you ahead of time. It's not going to be a surprise."

No conspiracy but a culture of undermining Trump by the national security establishment.

From Syria to Russian bounties to Ukrainian - unelected bureaucrats setting their own foreign policy was the norm for failed experts, adults in the room & generals.

Accountability now!

Could the highly esteemed, steadfastly neutral, and fundamentally non-partisan fact checkers who work for large media corporations let us know whether this extraordinary claim concluding Trump's latest statement is true or not?

If it were, it seems like we'd hear more about it.

Statement by Donald J. Trump, 45th President of the United States of America

If the story of "Dumbass" General Mark Milley, the same failed leader who engineered the worst withdrawal from a country Afghanistan, in U.S. history leaving behind many dead and wounded soldiers, many American citizens, and $85 Billion worth of the newest and most sophisticated Military equipment in the world, and our Country's reputation is true, then I assume he would be tried for TREASON in that he would have been dealing with his Chinese counterpart behind the President's back and telling China that he would be giving them notification "of an attack." Can't do that!

The good news is that the story is Fake News concocted by a weak and ineffective General together with two authors who I refused to give an interview to because they write fiction, not fact. Actions should be taken immediately against Milley, and better generals in our Military, of which we have many, should get involved so that another Afghanistan disaster never happens again. Remember, I was the one who took out 100% of the ISIS Caliphate. Milley said it couldn't be done!

For the record, I never even thought of attacking China, and China knows that. The people that fabricated the story are sick and demented, and the people who print it are just as bad. In fact, I'm the only President in decades who didn't get the U.S. into a war, a well known fact that is seldom reported.

Joe Kent Endorses Jackson Lahmeyer for United States Senate

Battle Ground, WA Today, Candidate Joe Kent announced his endorsement of Jackson Lahmeyer for United States Senate from the state of Oklahoma

Not only is it imperative that we remove RINOs from the House, but we also have to remove them from the Senate. Especially Red State RINOs

Oklahoma, a state where President Trump won all 77 counties in, deserves to have a Senator who will represent it's values in Washington

James Lankford does not represent the great people of Oklahoma He represents the Swamp

He is pro Amnesty. He wants to erase our heritage He bends a knee to the woke mob. And he flirted with impeaching Trump after the January 6 hoax.

My friend, Pastor Jackson Lahmeyer, will be an unapologetic advocate for Oklahoma values and will help advance the America First agenda And unlike James Lankford, he will fight back against the radically left Biden regime

Joe Kent Endorses Jackson Lahmeyer for United States Senate

Battle Ground, WA Today, Candidate Joe Kent announced his endorsement of Jackson Lahmeyer for United States Senate from the state of Oklahoma

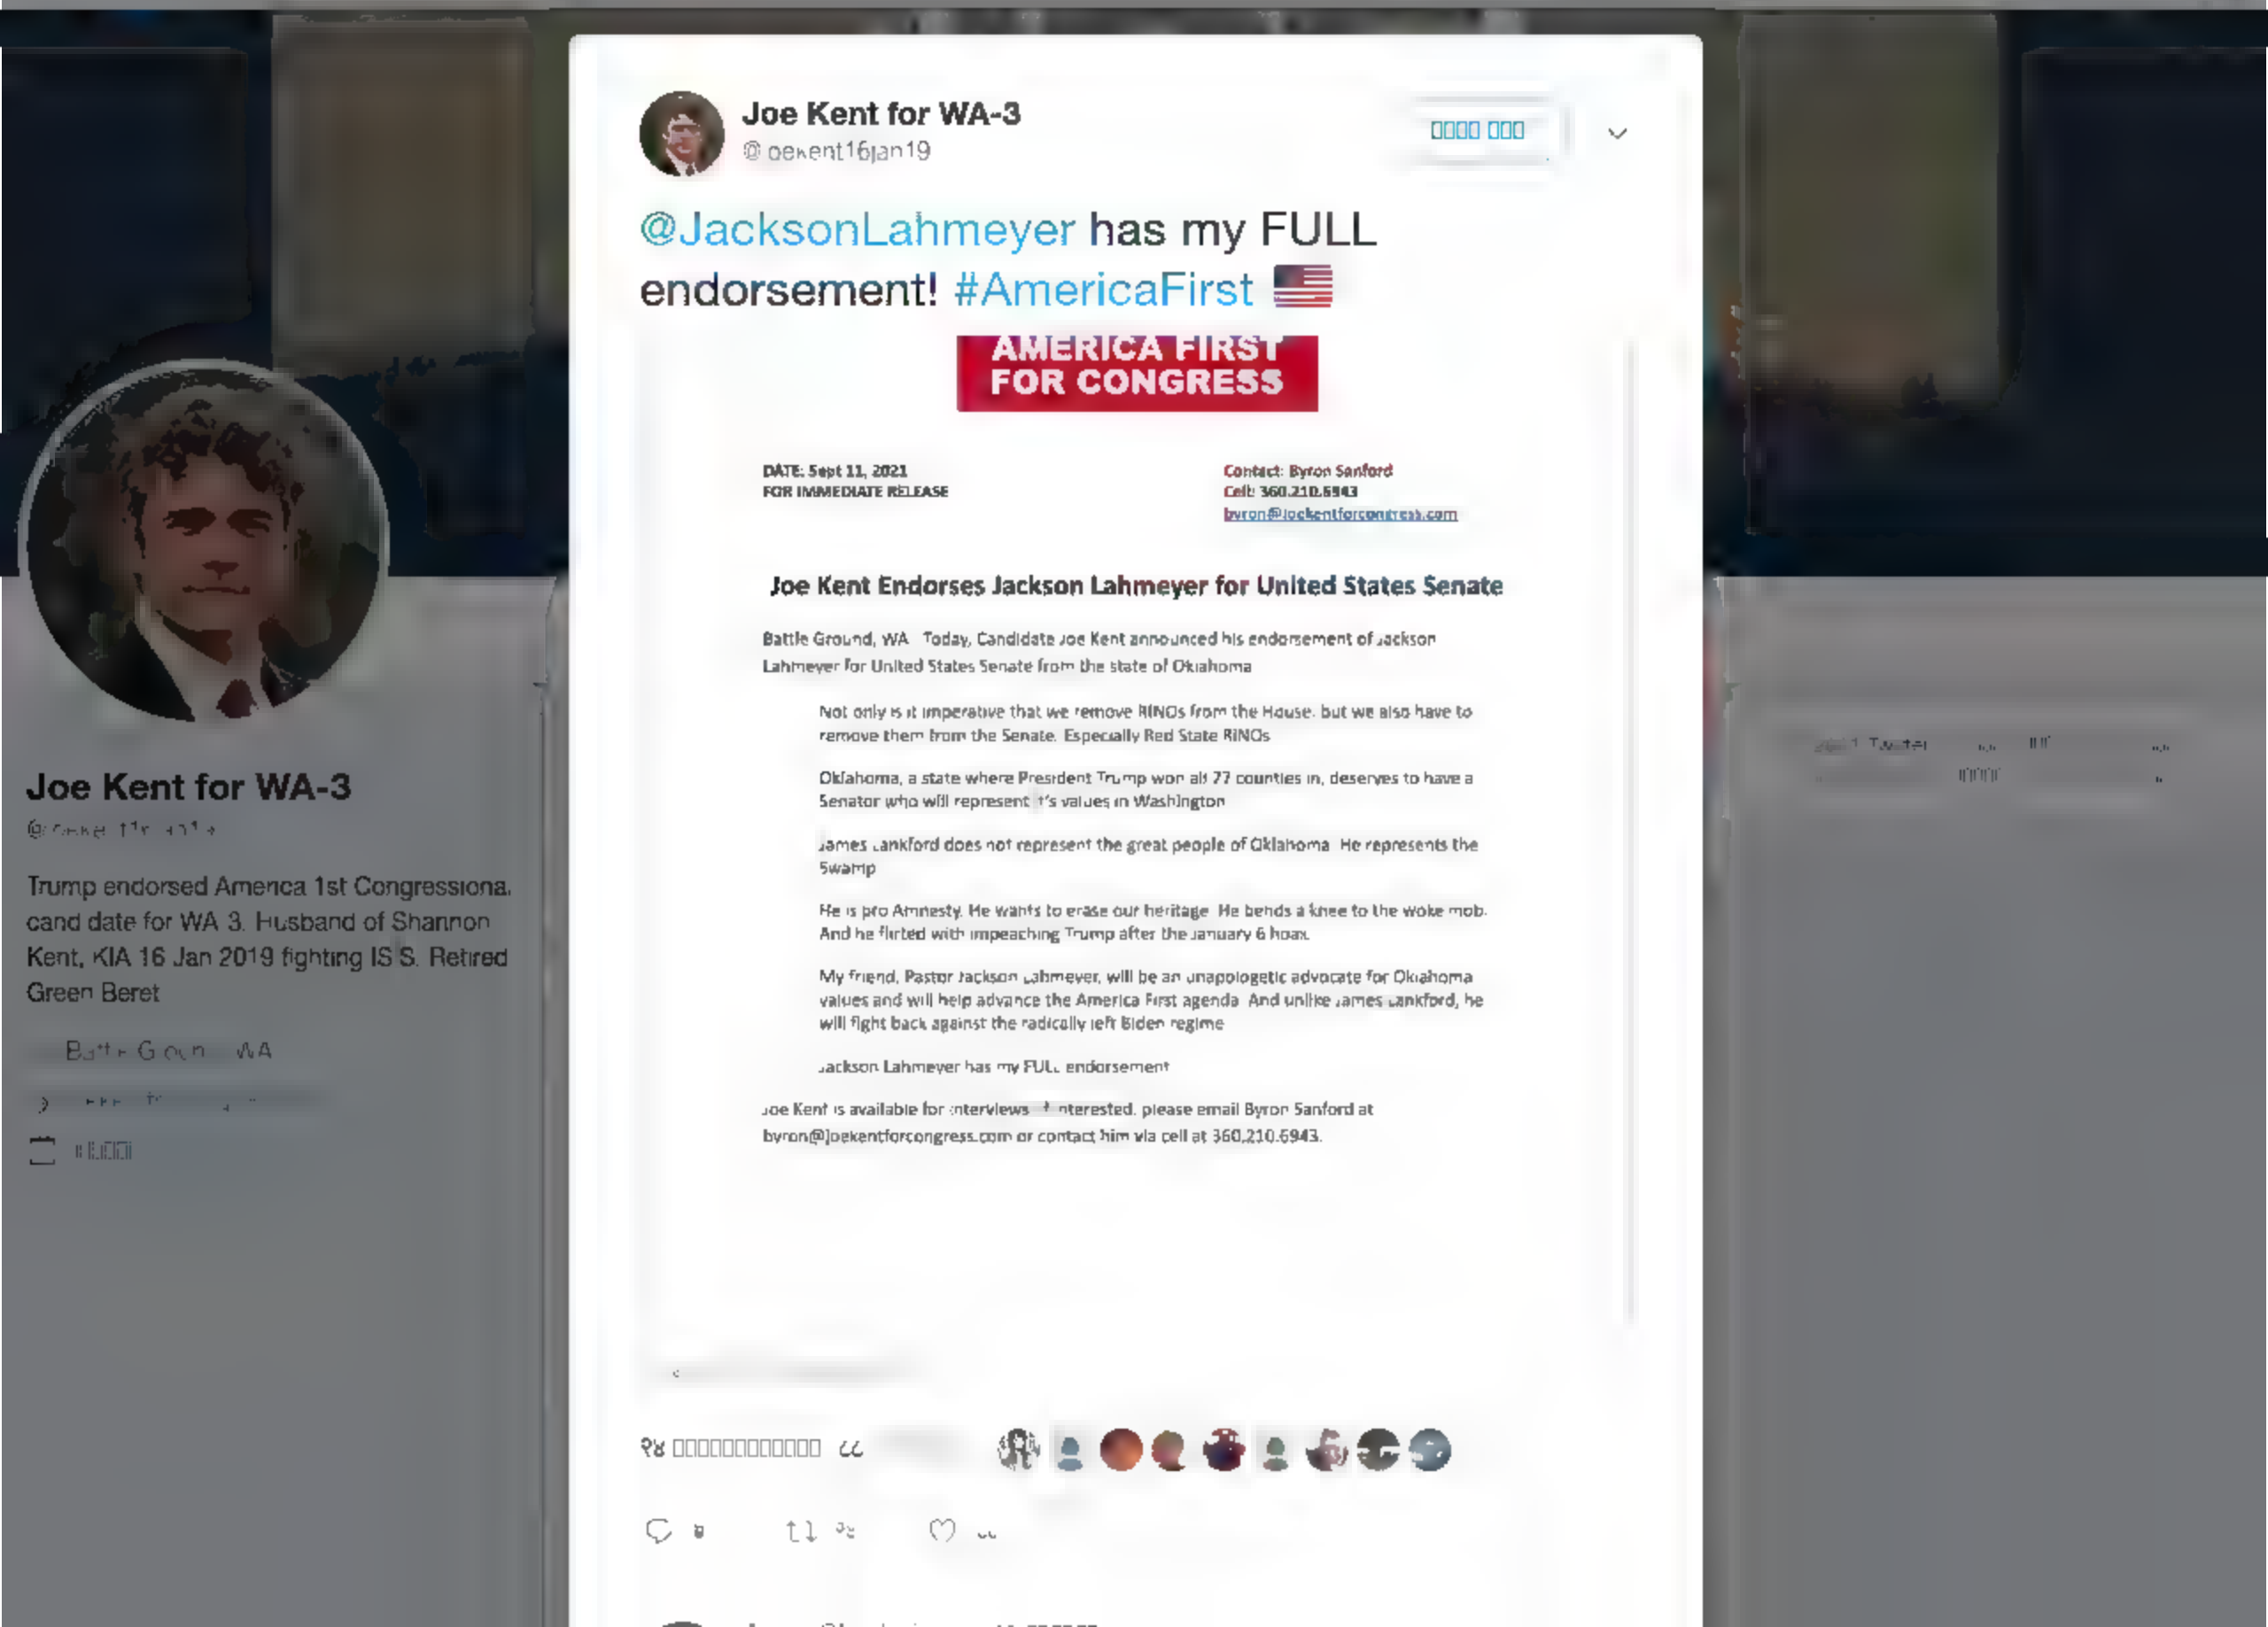
Not only is it imperative that we remove RINOs from the House, but we also have to remove them from the Senate. Especially Red State RINOs

Oklahoma, a state where President Trump won all 77 counties in, deserves to have a Senator who will represent it's values in Washington

James Lankford does not represent the great people of Oklahoma He represents the Swamp

He is pro Amnesty. He wants to erase our heritage He bends a knee to the woke mob. And he flirted with impeaching Trump after the January 6 hoax.

My friend, Pastor Jackson Lahmeyer, will be an unapologetic advocate for Oklahoma values and will help advance the America First agenda And unlike James Lankford, he will fight back against the radically left Biden regime



Jackson Lahmeyer has my FULL endorsement

For the security of our Nation, @secdef must formally investigate Gen. Milley. He now has a letter demanding a formal Article 15-6 Investigation. No matter how many stars are on your shoulders, you're never above your oath to support and defend the Constitution. #MarkMilley

Congress of the United States
Washington, DC 20515

September 15, 2021

The Honorable Lloyd J. Austin
Secretary of Defense
U.S. Department of Defense
1000 Defense Pentagon
Washington, DC 20301-1000

Secretary Austin:

We are gravely concerned with General (GEN) Mark Milley's ability to execute his duties and responsibilities as Chairman of the Joint Chiefs of Staff.

In this regard, our specific concern involves reports from [illegible] September 30, which indicate that G.E.N. Milley blatantly disregarded the chain of command of the military and placed allegiance to America's principle adversary, the Chinese Communist Party. We request a formal AR 15-6 investigation commence immediately with regard to these allegations.

According to a new book authored by reporter Bob Woodward, G.E.N. Milley allegedly took great pains to usurp the [illegible] Commander-in-Chief. As military engagements in the South China Sea warrant preemptive response, [illegible] Allegedly, on a phone call with Chinese counterpart [illegible], G.E.N. Milley deliberately undermined the sovereign interests of the United States and promised [illegible] that the American government is stable and everything is going to be okay. "We're not going to have a surprise attack. We're not going to start a war," G.E.N. Milley allegedly told his Chinese counterpart. "General [illegible] and I have known each other for many years. We're going to talk. I'm going to tell you ahead of time. It's going to be okay." (emphasis added)

On [illegible], G.E.N. Milley allegedly called General [illegible] following the latter's concerns of an armed conflict and emphasized that "we are 100 percent steady. Everything's fine. Don't overreact." In the days and [illegible] G.E.N. Milley allegedly [illegible] and unknowingly then called the Chief of [illegible] Commander of the Chinese Communist Army, all military operations in the South China Sea, drawing up [illegible] assembling senior military officers and mandating that any order to launch a nuclear weapon must [illegible] G.E.N. Milley's involvement. He allegedly then asked about [illegible] and then [illegible] understanding of the order [illegible] establishing a notable chain of command with respect to the nuclear launch codes.

Any actual "tax the rich" scheme is doomed to fail because the rich can afford to lobby politicians. As well as that, it's not about income. The only way you could do it is some sort of wealth tax, or really cut back on loopholes and tax breaks.

The same thing n Iraq, we've worked with the coa tion as linguists, and after Soleimani got killed. they stopped the tra ning and left us jobless and facing danger after our names got exposed to the militias.
They even refused to talk to us about the migration to the US

Congratulations to Matt Braynard & his team for having the fortitude and fight to proceed beyond social media bias of misinformation.

For those who can go be cautious and keep your head on straight. We have to support our brothers and sisters being held as political prisoners.

Wahkiakum County Republican Party Endorses Joe Kent

Battle Ground, WA – Today, Candidate Joe Kent announced that he was endorsed by the Wahkiakum Republican Party.

The Wahkiakum County Republican Party made the following statement:

> It is an honor to announce that the Wahkiakum County Republican Party unanimously voted to endorse Joe Kent for Congress in Washington's Third Congressional District.
>
> Joe Kent's military service, advisory role to President Trump in 2020, and leadership in our community mark him as the strongest candidate to represent our district in Washington DC. As a gold star husband, Joe knows the personal devastation of betrayal by leaders who make promises and break them when they matter most.
>
> His military background, strength, and conviction show that Joe is the congressman we need in this time of crisis.
>
> Without a doubt, Joe Kent gives "We the People" the voice and honest representation we need. It is an honor to endorse Joe Kent, and I encourage all of you to support his campaign to restore our Republic.

Joe Kent made the following statement:

> I'm honored to be endorsed by the Wahkiakum County Republican Party. Wahkiakum is the home of working class patriots that dedicate their lives to providing for their families, teaching personal responsibility, and standing up for our way of life. I am honored to be endorsed by the Wahkiakum GOP.

Joe Kent is available for interviews. If interested, please email Byron Sanford at byron@joekentforcongress.com or contact him via cell at 360.210.6943.

The reaction to the J6 political prisoners rally is telling.

Many are saying it's a trap etc.

Finding an out is easy, you can cope your way out of any action.

The ugly truth is that we have to show up if we want things to change.

It's on us, there's no plan to trust.

Drone Strike target stopped at Taliban Police Station.

We were told this was an IS-K suicide bomber.

This would mean at the time of the Strike the U.S. saw IS-K - Taliban coordination.

This contradicts the "IS-K is a mortal enemy of the Taliban" drumbeat we keep hearing.

If she's serious then the GOP needs to stop supporting republicans like @HerreraBeutler who voted to stop Trump from building the wall & for numerous amnesty bills.

Unfortunately this is just a grift to take $ from the base

Pence then gavels President Trump as re-elected

4. How s, of course from the Democrats, who now claim contrary to Tribe s prior position, that 270 is required So Pence says, fine. Pursuant to the 12th Amendment no candidate has achieved the necessary majority That sends the matter to the House where the "the votes shall be taken by states, the representation from each state having one vote " Republicans currently control 26 of the state delegations, the bare majority needed to win that vote President Trump is re-elected there as well.

"#AmericaFirst" is somewhat of an overreach in belief or in action. It is insulting to & demeaning of anything, outside the US's own orbits. "AmericanBest" would be a gentler more inclusive slogan & removes 'war footing' mentality, that permeates within US society & globally.

Our campaign is honored to receive the unanimous endorsement from the central committee of the Skamania County #GOP. #Republican #AmericaFirst 🇺🇸

Skamania County Republican Party Endorses Joe Kent

Battle Ground, WA Today, Candidate Joe Kent announced that he was endorsed by the Skamania Republican Party.

Joe Kent made the following statement.

I am deeply honored to be endorsed by the Skamania County Republican Party. We have pursued a vigorous campaign in that county and am grateful that our hard work has paid off.

I'm thankful to the hardworking people of Skamania that have opened their homes to our grassroots campaign. Attending the Skamania County Fair, town halls, and anti-vaccine mandate protests in the county will not end here. It's only the beginning.

To be endorsed unanimously by the central committee of the Skamania GOP shows that we are the only alternative to the America Last policies of the incumbent, Jaime Herrera Beutler. I look forward to campaigning in Skamania more throughout the course of this race.

Joe Kent is available for interviews. If interested, please email Byron Sanford at byron@joekentforcongress.com or contact him via cell at 360.210.6943.

Kent: Debt Ceiling Negotiations a Rare Chance for GOP Leadership, Leverage

Battle Ground, WA – Today, Candidate Joe Kent released a statement on the GOP's debt limit negotiations.

Joe Kent made the following statement:

> The GOP must maximize the leverage they have in the debt ceiling negotiations. There are precious few opportunities for Republicans to assert power in Washington, and this is their best hope to get something useful done.
>
> And rather than leading on this issue, my opponent Jaime Herrera Beutler remains in hiding.
>
> I urge Republicans to negotiate for sanctions on China for the damage caused by the spread of COVID, for accountability for the Department of Defense's Afghanistan Withdrawal failure, a federal ban on vaccine mandates, and to protect our service members from repercussions for declining Covid vaccines.
>
> We cannot let this opportunity to put the breaks on President Biden's agenda pass without a fight.

Joe Kent is available for interviews. If interested, please email Byron Sanford at byron@joekentforcongress.com or contact him via cell at 360.210.6943

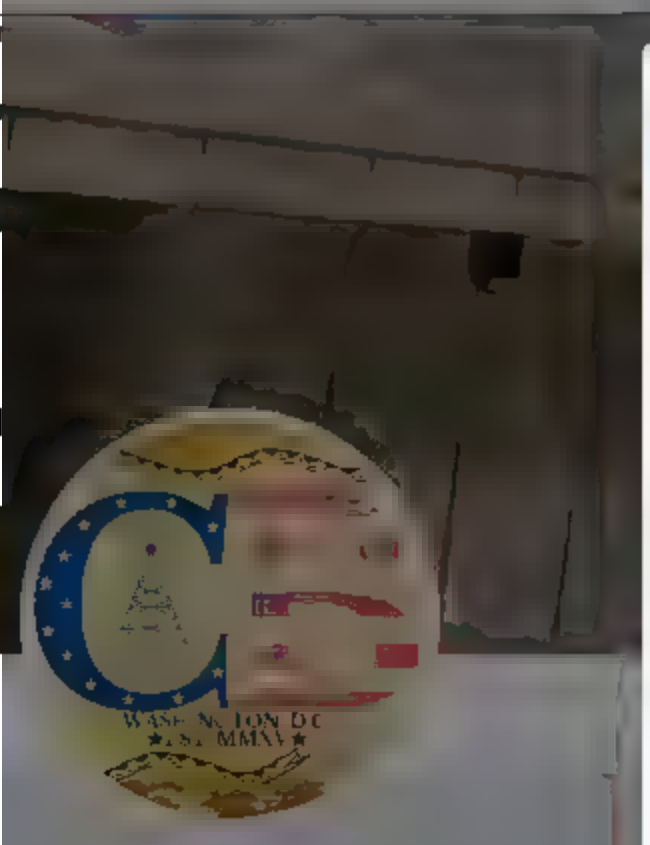
Who are these Afghans we took enormous risks to bring to America?

Well, here's part of the answer:

newsmax.com/stevecortes/af …

newsmax.com



Security Secretary Alejandro Mayorkas now admits that only three percent of the migrants brought here are actual Special Immigrant Visa designees who took real material risks to serve our operations in Afghanistan.

So who are the other 97% of these people? For whom did our best and bravest young people lay down their lives in Kabul during the exfiltration?

Well, at least in part, we literally transported *sickos* to our country. We now know that a 20-year-old Afghan, Bahrullah Noori, was indicted by the Department of Justice for forcible sex acts with children younger than 16 years old, in Wisconsin where he is housed at Ft. McCoy army base.

Kent: Debt Ceiling Negotiations a Rare Chance for GOP Leadership, Leverage

Battle Ground, WA Today, Candidate Joe Kent released a statement on the GOP's debt limit negotiations.

Joe Kent made the following statement

> The GOP must maximize the leverage they have in the debt ceiling negotiations. There are precious few opportunities for Republicans to assert power in Washington, and this is their best hope to get something useful done
>
> And rather than leading on this issue, my opponent, Jaime Herrera Beutler, remains in hiding.
>
> I urge Republicans to negotiate for sanctions on China for the damage caused by the spread of COVID, for accountability for the Department of Defense's Afghanistan Withdrawal failure, a federal ban on vaccine mandates, and to protect our service members from repercussions for declining Covid vaccines
>
> We cannot let this opportunity to put the breaks on President Biden's agenda pass without a fight

Joe Kent is available for interviews. If interested, please email Byron Sanford at byron@joekentforcongress.com or contact him via cell at 360.210.6943.

Conservatives are making a huge tactical error by focusing solely on Manchin & $3.5T. Schumer *never* planned to finish at $3.5T (as the leaked doc shows). It's all theater: Manchin can't wait to play "hero" on 1.5/2T bill. It's not about the price tag, it's about the POLICY. 1/2

The reconciliation bill is 2,400 pages of the most radical leftist/marxist social changes in US history + amnesty/unlimited green cards. Dems will take bill at any # to get the policy. GOP must broaden focus, expose the policy in bill & pressure all swing state/district Dems. 2/2

@HerreraBeutler's idea of supporting law & order is writing a strongly worded OpEd.

She voted against the wall & stopped the feds from quelling Antifa violence in our district.

RINO grift - complain about issues they did nothing about when in power to scam voters.

Biden is releasing unvetted Afghans into the US, eligible for the full benefits of our welfare state.

Meanwhile Americans & the Afghans who fought beside us rely on US veterans & donors to smuggle them away from the Taliban.

This was Biden's plan from the beginning.

Why wou d anyone not expect the end of a 16 18 year shit show not to be a shit show? There is no grand conspiracy. just the culmination of a decade+ of bad decisions.

Had we gotten all our ppl out 'd be partially defending the w/draw! It should have happen n the summer of 20 or by May 21 Biden could have had us out by May before the TB took over but he couldn t give that to the last admin. he had to extend Then he prioritized airlift AFGs

Our people had amp e opportunity to leave and chose not to Big boy rules apply. Perhaps none of them believed we were really leaving but bad decisions based on bad assumptions have consequences.

That's not true at all, Americans were not kept abreast of what was going on until HKIA was the only option & Kabul was under TB control. We don't leave people behind, now veterans & donors are do what our gov has failed to do, it's disgraceful.

@HerreraBeutler gave Biden a win by voting for the CR at the last minute.

This saved Biden from a shut down & rewarded all of his reckless policies.

RINOs as always, failed use their leverage to negotiate on behalf of their constituents & chose the status quo of DC failure.

3- The duration of procedure in 3rd country is said to be (12-14) months, which is too longer .

4- The passport office is closed in Afghanistan, so how they can cross the borders without passport and visa?

5- The procedure of refferal/approval got too lengthy and the instructions are said to be very unclear for the applicants.

Kent: Lt Colonel Scheller Must Be Freed Immediately

Battle Ground, WA Today, Joe Kent released the following statement on the unjust imprisonment of Lt Colonel Scheller

It is remarkable that in the enduring disaster that is the Afghanistan withdrawal, from the loss of soldiers' lives to the surrender of military equipment to the assault of a female US service member by "refugees" our government evacuated, that the only person who is in prison as a consequence is the man who called it out

I commend Lt Col Scheller for speaking out about the disaster in Afghanistan and demanding accountability for the loss of life during the evacuation, leaving Americans in Afghanistan to the mercy of the Taliban and all of the lies perpetuated by the military industrial complex over the past two decades

Lt Col Scheller has served honorably and submitted his formal resignation The DoD must release him and allow Scheller to leave the military with honor

In 1935, Huey Long empowered Louisiana to fine and imprison anyone who infringed on the powers reserved to the state under the tenth. This was interpreted then as a shot at FDR's federal agents.

If your Republican officials aren't willing to go this far, they aren't serious.

LAHMEYER
FIGHT FOR OKLAHOMA VALUES
U.S. SENATE

TRUMP-ENDORSED WASHINGTON STATE CONGRESSIONAL CANDIDATE, JOE KENT, AND PASTOR JACKSON LAHMEYER OF OKLAHOMA RELEASE MUTUAL ENDORSEMENTS

Contact: Josh Wagoner, Campaign Spokesperson
Phone: (918) 95[illegible] 9300
For immediate release: October 5, 2021

Tulsa, OK – Today, Joe Kent, candidate for US Congress in Washington's 3rd Congressional District and Jackson Lahmeyer, candidate for US Senate in Oklahoma, endorsed each other.

Joe Kent made the following statement:

"I'm proud to endorse Jackson Lahmeyer for the US Senate in Oklahoma. Senator Lankford has drifted away from the values that have made Oklahoma one of the reddest states in the nation, and Oklahomans deserve to have an America First candidate who will represent their values across the board from immigration to refugee resettlement to standing up for election integrity. With both of us in Washington, we will grow a partnership between the House and Senate to bring like-minded lawmakers together and stop the Biden Agenda in its tracks.

Jackson Lahmeyer made the following statement:

"From Joe Kent's deep roots in the Pacific Northwest to his great sacrifices for our nation to his service as a foreign affairs and military advisor to President Trump, he is the right man for the job. I recognize it, General Flynn recognizes it, and President Trump recognizes it. All three of us endorse his candidacy because defeating Jaime Herrera Beutler and replacing her with someone who will put America and Americans first is pivotal to saving our country. Unfortunately, there is no Republican Primary in Washington State. The jungle primary means the only way we can win is by consolidating the America First movement behind a single candidate. Based on the endorsements, polling, fundraising, and the overwhelming campaign organization that Joe has built in the 3rd District, he is the clear choice. I know Heidi St. John, who I greatly admire and respect, entered the race out of love for our country, and I join the many others in our movement in respectfully asking her to leave the race for the same reason. Splitting the vote and attacking Joe only serves to re-elect

Thank you to the patriotic candidates in Yakima. I am honored to have your endorsement! #AmericaFirst

We are pleased to announce our total endorsement and support of Joe Kent for Congress in Washington's Third Congressional District. Kent is a retired Green Beret with eleven combat deployments, a Gold Star husband, and a former advisor to President Donald J. Trump.

As a member of Congress, Joe Kent will continue to fight to protect our rights here at home. He is battle-tested, endorsed by President Trump, and has the support of America First supporters throughout the country. Kent's opponent is an America Last RINO who voted to impeach President Trump. She also voted to halt construction of the border wall, voted for Amnesty, and does not adhere to her oath to defend the Constitution of the United States.

We, the undersigned, proudly endorse Joe Kent for Congress in Washington's Third Congressional District

Big Tech's persecution of those who do not support the globalist agenda is a threat to our American way of life.

Kent: YouTube Persecutes America First Patriots

Battle Ground, WA - Today, YouTube deleted the campaign's account. Joe Kent made the following statement in response:

> Today, YouTube sent us an email notifying us that our account was taken down. The accounts of my pro-Corporate opponent, Rep. Jaime Herrera Beutler, remains up.
>
> Make no mistake: this censorship amounts to election interference by an international corporation. Big Tech's persecution of those who do not support the globalist agenda is a threat to our American way of life and the survival of our Republic.
>
> When elected, I will introduce legislation on Day One to prevent Big Tech from censoring legal, political speech. Voters should get to decide what voices they want to hear uncensored by global elites whose interests do not align with America's.
>
> In the meantime, my campaign will explore other options, including increasing our use of Rumble. But this decision by Google to interfere in this election will come to be one they regret, mark my words.

Joe Kent is available for interviews if interested, please email Byron Sanford at byron@joekentforcongress.com or contact him via cell at 360.210.5943.

Our nation faces a crisis with millions of illegal aliens prancing in this year alone, bringing Covid, and getting immediate access to taxpayer funded housing, schools, transportation and hospitals. But the illustrious DHS says climate warming is our biggest threat. 🤡

WASHINGTON Today the U S Department of Homeland Security (DHS) released a new Climate Action Plan outlining the steps the Department is taking to tackle the climate crisis including bolstering the Department s ability to adapt to climate change. building national resilience undertaking mitigation measures and addressing key vulnerabilities This plan is part of President Biden s whole-of-government approach to confronting the climate crisis

"Our world is facing a climate crisis that poses existential threats and demands urgent action. We must act now **said Secretary Alejandro N. Mayorkas** The DHS Climate Action Plan outlines how our Department will remain mission-resilient to climate change while reducing our own impact on the environment, including by electrifying our vehicle fleet educating our workforce on the importance of adaptation and resilience and leveraging grant programs to incentivize investments in disaster

which President Biden doubled to $ billion to provide incentives for state local, tribal and territorial governments to adopt modern, disaster-resistant building codes. DHS anticipates BRIC selections include wildfire resilience programs, flood control programs, and small-town coastal hazard mitigation plans.

2 **Incorporating climate adaptation planning and processes into homeland security mission areas** including by reviewing current budget planning policies to assess whether climate change considerations are appropriately incorporated

3 **Creating climate-resilient facilities and infrastructure**, including by aiming to electrify 50 percent of the DHS vehicle fleet by 2030

Fully examining J6 would require all the tapes being released, disclosure of how many LE/IC undercover agents/ informants were involved in the riot.

The truth would destroy the narrative, so the Dems are cutting their losses to preserve the narrative.

What gives Silicon Valley libs the right to censor a Green Beret who served his country with distinction?

These Big Tech oligarchs are headed for their well-deserved reckoning.

People donated money through Fightback Law (Lin Wood) to Kyle Rittenhouse's legal defense.

Kyle fired Lin in Dec.

People didn't donate to Lin Wood, so why would he want $2M back?

Only monsters hurt innocent people in their greatest time of need.

Kyle's trial starts Nov 1.

THE LAW FIRM OF XAVIER SOLIS, LLC

September 6, 202

RECEIVED

Judge Bruce Schroeder
Kenosha County Circuit Court Judge Branch

SEP 7 2021

REBECCA MATOSKA-MENTINK
CLERK OF CIRCUIT COURT

RE: State of Wisconsin v. Kyle H. Rittenhouse (20-CF-983)

On behalf of the Fightback Foundation, this letter serves to inform the Court that the $2,000,000.00 cash bond posted in Kenosha County Case No. 20-CF-98 on behalf of the defendant, Kyle H. Rittenhouse, was made using funds of the Fightback Foundation which was received from its supporters. These funds were transferred by the Fightback Foundation to the Pierce Bainbridge Law Firm's trust account and paid by attorney John Pierce on behalf of and as agent for the Fightback Foundation. Attorney John Pierce is no longer the agent for the Fightback Foundation. Accordingly, the $2,000,000.00 shall be returned to the Fightback Foundation and when such funds are released consistent with Wisconsin law and pursuant to Court rulings releasing the bail money back to the individual or entity that posted the cash bail.

Sincerely,

Xavier Solis

The time has come for a debate. We cannot have a divided field that leads to the America Last incumbent winning re-election. We do not have partisan primaries in the state of Washington. RINO Jaime vs a Dem is a real possibility if our vote is split.

Kent Campaign: Let's Debate!

Battle Ground, WA Kent Campaign Manager Byron Sanford released the following statement

We are grateful that Heidi St. John's campaign has accepted our offer of a debate. While our candidate has appeared side by side on many occasions with our challenger, our frequent offers to debate over many months as well as an invitation to a debate from the Chairman of Clark County GOP has not been met with an affirmative response until now.

We are also grateful to Lars Larson for offering to moderate this debate on his local radio program. He is a local broadcast legend known for fairness and trustworthiness. His show dominates the ratings in Washington's Third Congressional District and offers a greater audience than any other local platform.

There is no Republican Primary in Washington State. This debate is about determining the best candidate to go forward against Jaime Herrera Beutler in the first round of voting. More than one anti-Establishment candidate only spoils the race in favor of the incumbent.

In polling, Joe dominates and is only a few points behind the incumbent while our challenger lags far behind. Our ground game dominates with nearly 400 screened local volunteers who are now hard at work going door-to-door helping local Republicans win in this year's election. We have won the outreach battle with roughly 200 public events in the district. In fundraising, our candidate has outraised everyone else combined in individual contributions.

And in endorsements, our candidate has collected every endorsement of consequence including President Trump, Gen. Flynn, 35 Reps. Matt Gaetz and Paul Gosar, Def. Sec. Miller, Loren Culp, Wendy Rogers, Jackson Lahmeyer, and countless local candidates. We've also been endorsed by the Wahkiakum & Skamania GOP Central Committees.

We have provided our opponent's campaign with five different dates to choose from later this month and eagerly await their reply.

There is no "labor shortage," only a tight labor market, and anyone pushing for more immigration to alleviate a supposed shortage is an enemy to working people who want to earn a better living

washingtonpost.com/business/2021/ …

new data from the Department of Labor released Tuesday.

Some 4.3 million people quit jobs in August, according to the monthly survey — about 2.9 percent of the workforce. The phenomenon is being driven in part by workers who are less willing to endure inconvenient hours, compensation, or conditions because they know there are ample opportunities elsewhere.

Those numbers include about 892,000 workers in restaurants, bars and hotels, as well as 721,000 workers in retail. An additional 706,000 employees in professional business services and

Joe Kent: Solve the Supply Chain Catastrophe: Bring Production Home, End Vaccine Mandates

Battle Ground, WA In response to supply chain disruptions caused by cargo ships unable to unload at ports, the trucker shortage and rail yards clogged across the country, Joe Kent made the following statement

> The Biden Administration and many state's vaccine mandates AND our nation's dependence on foreign production have put our nation's low- and middle-income families in a stranglehold.
>
> The vaccine mandates are forcing workers to choose between their jobs and their medical privacy with many choosing the latter. This is sidelining necessary first responders like nurses, police officers, and other workers pivotal to our economy like airline pilots.
>
> Further compounding this is that much of what our economy depends on, from energy to timber to rare earth minerals to electronics and automobiles, are not produced here due to domestic regulations and horrific trade deals that give foreign producers a decisive advantage over American manufacturers.
>
> Washington's Third Congressional District has been especially impacted given the federal legislation that restricts the export of unprocessed timber cut from our National Forests here in the Pacific NW. Without the ability to log our lands, the federal government imports timber from abroad, most notably from Canada. This has destroyed our timber industry.
>
> When elected, I will work with fellow America First representatives to attach restrictions to funding legislation that will end all federal vaccine mandates and pull back regulations on our domestic production of everything from energy to timber.
>
> Unfortunately, our current America Last representative, Jaime Herrera Beutler, is too busy giving tours of the capitol to address these critical issues. I promise that after I defeat her, I will still let her give capitol tours while I handle the business of the people of Washington's Third Congressional District.

Joe Kent: Solve the Supply Chain Catastrophe: Bring Production Home, End Vaccine Mandates

Battle Ground, WA - In response to supply chain disruptions caused by cargo ships unable to unload at ports, the trucker shortage, and rail yards clogged across the country, Joe Kent made the following statement

The Biden Administration and many state's vaccine mandates *AND* our nation's dependence on foreign production have put our nation's low- and middle-income families in a stranglehold

The vaccine mandates are forcing workers to choose between their jobs and their medical privacy, with many choosing the latter. This is sidelining necessary first responders like nurses, police officers, and other workers pivotal to our economy like airline pilots.

Further compounding this is that much of what our economy depends on, from energy to timber to rare earth minerals to electronics and automobiles, are not produced here due to domestic regulations and horrific trade deals that give foreign producers a decisive advantage over American manufacturers.

Washington's Third Congressional District has been especially impacted given the federal legislation that restricts the export of unprocessed timber cut from our National Forests here in the Pacific NW. Without the ability to log our lands, the federal government imports timber from abroad, most notably from Canada. This has destroyed our timber industry

When elected, I will work with fellow America First representatives like Paul Gosar and Matt Gaetz to eliminate federal vaccine mandates and pull back regulations on our domestic production of everything from energy to timber

Unfortunately, our current America Last representative, Jaime Herrera Beutler, is too busy giving tours of the capitol to address these critical issues. I promise that after I defeat her, I will still let her give capitol tours while I handle the business of the people of Washington's Third Congressional District.

I apologize for any confusion

This is not a bad place to begin the discussion.

Unless we systematically overhaul the entire manufacturing and logistics model of the US, humans will remain the largest single point of failure.

We must take care of the tradesmen and workers upon which this whole thing rests.

BREAKING: 138 Legislators from 38 States Write a Letter to the American People Calling for a 50-State Audit, Decertification Where Appropriate, and Possible Convening of the US House of Representatives

Subject: Letter from State Legislators to the American People Regarding the 2020 US Election

To the citizens of the United States of America,

We the undersigned state legislators of the United States are vested with the plenary power by our [illegible] (Article [illegible], Section [illegible]) [illegible] to oversee the elections of the president of the United States.

We have come to an affirmative finding on audits of [illegible] ballots in Arizona comprised by an in-depth inspection of votes in Arizona, as well as through multiple different data reviews of voting by [illegible] experts, that our representative republic suffered a corrupted 2020 election.

In addition to Arizona, courts and audits have also validated that many states including rampant corruption and mismanagement in the election process. Clear and unambiguous facts have already been shown through multiple audits and witnesses in multiple states, as well as through lawsuits challenging the validity of election results in several counties in multiple states.

We have come to the conclusion that all of state cannot be forensically audited. Voters' rolls should be scrubbed with a vigorous [illegible] to ensure long-term integrity of our electorate.

If results from these processes prove what we already know to be true, as has been shown in Arizona and is being shown in many other states, that it is clear that certification of many electors was improperly rendered in violation of [illegible] of the November 2020 United States presidential election.

We call on each state to decertify its electors where it has been shown the elections were certified prematurely and inaccurately.

It is our opinion that either our Nation would receive fewer than [illegible] validated electoral votes, or Donald Trump would receive more than [illegible] electoral votes, then we call for the U.S House of Representatives to intervene and vote per the [illegible] constitution by means of one vote per state to decide the rightful winner of the election in accordance with the constitutional process of choosing elections.

This is our historic obligation to restore the election integrity of the vote as the bedrock of our constitutional republic.

If we do not have accurate and fair elections, we do not have a country.

Signed,

Senator Wendy Rogers, Arizona
Senator Sonny Borrelli, Arizona

We are grateful to @WendyRogersAZ for encouraging citizens to attend our upcoming Town Halls on the Arizona Audit featuring Ken Bennett.

Look Ahead Arizona Thanks Sen. Wendy Rogers for Encouraging Attendance at Audit Town Halls with Ken Bennett

Phoenix, Arizona— Arizona State Senator Wendy Rogers made the following statement regarding Look Ahead Arizona (LAAZ)'s town halls featuring Senate Liaison Ken Bennett:

> I'm told the group hosting Bennett said they won't stop people from asking tough questions. So please do go and ask tough questions. Get it all on video and post to Rumble so I can share it. Do not let him get away with anything. He is the face of the anti-decertify movement.

LAAZ's Executive Director Matt Braynard, who will also be hosting the town halls made the following statement:

> The purpose of these town halls is to give the citizens the opportunity to ask hard questions of a central figure in the Arizona audit. This is not an opportunity that regular folks are going to have anywhere else. We will not censor questions and are grateful to Sen. Rogers for encouraging people to attend.

The four town halls will take place across four different regions in the state. Those interested MUST RSVP at https://lookaheadamerica.org/townhall. Each town hall will also be live streamed on that site. Any press interested in attending should email press@lookaheadamerica.org.

This is the schedule for the town halls across Arizona:

- October 19: Tuesday, 7-8:30pm: Hilton Garden Inn Tucson Airport, Small Ball Ballroom, 6575 South Country Club Road, Tucson
- October 21: Thursday, 7-8:30pm, Scottsdale Studios, 9445 E. Doubletree Ranch Rd, Scottsdale
- October 25: Monday, 7-8:30pm, Community Room, Prescott Gateway Mall, 3250 Gateway Blvd, Prescott
- October 26: Wednesday, 7-8:30pm: Slugger's Restaurant and Brewery, 1425 McCulloch

Our supply chain crisis & our housing markets / land ownership crisis are both byproducts of globalization.

At the heart of this failed concept is an assault on our national sovereignty & thinking of the working/middle class as a burden as opposed to the back bone of our nation.

You're correct on all counts but how do we reverse these trends, especially in light of so many of our leaders being compromised by the oligarchy? Aristotle notes when democracies have too many rich and too many poor they're soon to become tyrannies

The odds favor a Republican wave in 2022. But this upcoming election is not merely about defeating the radical Democrats and stopping Joe Biden's dreadful agenda. This plebiscite will also determine whether the GOP evolves into an America First party for the middle class, energized by populist nationalism. These four outsider candidates embrace their vital roles in that transformation.

The regime's narrative has 2 main goals-

1. Be so blatant & in your face w/ their control that you give in & stop voting.

2. Provoke you into doing or saying something foolish so they can turn the tools of the state on you.

Realized this & deny them, we win, they lose.

Battle Ground, WA Kent Campaign Manager Byron Sanford released the following statement

Governor Inslee continues to disenfranchise Washingtonians by refusing to permit Republican members of the state legislature from entering the legislative chambers unless they have proof of vaccination

This is an infringement on the civil liberties of our public servants that were duly elected by the people.

Two legislators, in particular, Jim Walsh and Joel McEntire are denied entry to the legislative chambers due to their vaccination status All legislators regardless of their vaccination status should be granted entry into the legislative chambers. Anything short of this is an infringement on their democratic rights and disenfranchises their constituents

Joe Kent: Steve Bannon is a Political Prisoner

Battle Ground, WA - In response to the House of Representatives holding Steven Bannon in contempt, candidate Joe Kent made the following statement:

> The January 6 Committee is a sham that intends to tarnish the reputations of patriotic Americans and is spreading a lie that Steve Bannon is in some way responsible for an 'insurrection' at the Capitol. Steve Bannon is now a political prisoner of the Biden Regime.
>
> Our Representative for Washington's Third Congressional District, America Last RINO, Jaime Herrera-Beutler, joined eight other American Last RINOs in voting with the Democrats to hold Steve Bannon in contempt.
>
> This is yet another example of why Jaime Herrera Beutler must be defeated. She voted to certify the 2020 presidential election, then voted for the sham impeachment of President Trump, volunteered to be the star witness for the kangaroo trial, and now joins the likes of Liz Cheney and Adam Kinzinger in voting to hold my friend Steve Bannon in contempt.
>
> Meanwhile, hundreds of Political Prisoners are held without due process. If the DOJ had their way, they would do the same to Bannon. The American citizenry is waking up to the fact that an oligarchy of establishment politicians run this country and have no respect for our values. All nine RINO's that voted to hold Bannon in contempt must be primaried and defeated in 2022.

Joe Kent is available for interviews. If interested, please email Byron Sanford at byron@joekentforcongress.com or contact him via cell at 360.210.6943.

These are unvetted refugees, each location that has hosted them has had assaults & rapes.

Inslee knows this.

The political elite who have "welcomed" them are doing this to import voters & to score woke points on the backs of the America citizens they are sworn to defend.

Kent Campaign Surpasses 400 Volunteers and 100 Public Events, Jaime Herrera Beutler Missing for 1,605 Days

Battle Ground, WA – Kent Campaign Manager Byron Sanford released the following statement:

> Our grassroots campaign has reached yet another milestone in Washington's Third Congressional District. With more than 400 local volunteers signed up and vetted, it is clear that the Kent campaign is the only serious congressional campaign in the district. Not only do we have 400 volunteers, but we also surpassed more than 100 public events.
>
> This stands in strong contrast to our opponent, America Last RINO Jaime Herrera Beutler, who has gone into hiding for nearly five years. She hasn't held any in-person public events and hides behind the occasional tightly screened telephone town hall where her staff prevents her from facing any challenging questions.
>
> Anyone who has seen Joe at one of his public events knows he's not afraid to take any and all questions from the public and often does so for hours at a time.
>
> No other Republican campaign for Congress in the country can boast so many local volunteers and in-person events by a candidate at this stage in the race. As the campaign continues to ramp up over the coming months, we will expand our volunteer base, inform more voters that Joe Kent is the only alternative to the America Last incumbent, and solidify the fact that Kent is the frontrunner.

Make no mistake: Had there been no DOJ/FBI assets in the crowd or in the Capitol on January 5th and 6th, 2020, AG Merrick Garland would have said so. Instead, he refused to answer my question. The DOJ could put out a statement tomorrow, but they won't. What does that tell you?

Kent to WA DEMS:
Get Out of the Way of Audit Lawsuit

Battle Ground, WA— Today Joe Kent released the following statement in response to Washington State Democrats' and Perkins Coie's attempt to intervene in the Washington Election Integrity Coalition United lawsuit demanding a full, forensic audit of the 2020 General Election.

> The current WEIC lawsuit, to which I am a co-plaintiff, is a non-partisan attempt to force the county election offices to do their job and assure the public of the validity and integrity of our election systems.
>
> By interjecting themselves as defendants, the state's Democrat Party has positioned themselves as the opponents of clean and fair elections.
>
> Partisanship has no business in this necessary effort to investigate the counties' conduct in the last election and restore the public's faith in our democracy. I'm calling on the Democrats to call off their Perkins Coie attack dogs and join us in our demand for a full forensic audit of Washington State elections.

Joe Kent is available for interviews. If interested, please email Byron Sanford at byron@joekentforcongress.com or contact him via cell at 360.210.6943

When Perkins Coie is hired to block a bipartisan full forensic election audit, it's a clear indicator the Democrats having something to hide.

When Trump blocks subpoenas to congressional investigations (eg. impeachments, breaches of Capitol Hill, or anything), it's a clear indicator the Republicans having something to hide

[Joe, if elected, your own congressional is impotent unless subpoenas are respected/enforced.]

Denied entry again to the DC Jail today, 1 day after the US Marshall's report revealed that conditions in the DC Jail do NOT even meet "minimum standards of confinement."

Due to this violation, they are moving 400 detainees, but NOT the pre-trial J6 detainees in CTF.

U S. Marshals Office of Public Affairs (703) 740-1899

Statement by the U.S. Marshals Service
Re. Recent Inspection of DC Jail Facilities

Washington, D.C. - During the week of October 18 the U S Marshal for the District of Columbia conducted an unannounced inspection of the District of Columbia Department of Corrections (DC DOC) facilities that house several hundred detainees who are facing charges in the U S District Courts for the District of Columbia and Maryland or are awaiting placement in a Federal Bureau of Prisons (BOP) facility to serve their sentence While the U S Marshals Service (USMS) is responsible for the care and custody of these detainees under an agreement between the federal and DC governments the DC DOC is responsible for determining where within their corrections facilities the inmates will be housed maintaining and staffing the physical facilities and providing for detainees

The USMS inspection was prompted by recent and historical concerns raised regarding conditions at the DC DOC facilities including those recently raised by various members of the judiciary.

The inspection encompassed two DC DOC housing facilities the Central Treatment Facility (CTF) and the Central Detention Facility (CDF). During the unannounced inspection, the U S Marshal reviewed both housing facilities and conducted more than 300 voluntary interviews with detainees

The U S Marshal's inspection of CTF did not identify conditions that would necessitate the transfer of inmates from that facility at this time CTF houses approximately 120 detainees in the custody of the USMS including all the defendants in pre-trial custody related to alleged offenses stemming from events that took place on January 6 at the U S Capitol as well as other federal detainees Housing assignments for detainees are determined by the DC DOC

The U S Marshal's inspection of CDF revealed that conditions there do not meet the minimum standards of confinement as prescribed by the Federal Performance-Based Detention Standards CDF houses approximately 400 detainees in the custody of the USMS

Based on the results of the unannounced inspection, USMS leadership made the decision to remove from CDF all detainees under the custody of the USMS Working with the BOP the USMS will transfer those detainees to USP Lewisburg in Pennsylvania The Lewisburg BOP facility provides attorney and visitor areas medical care and video teleconferencing capabilities The USMS is committed to ensuring that detainees have adequate access to defense counsel, family support medical care, and discovery related to their cases while in USMS custody

Joe Kent Congratulates Local Victorious Candidates

Battle Ground, WA Today, Joe Kent released the following statement on the victories throughout Washington's Third Congressional District

Thank you to all of the local candidates that stood for office to end CRT in our schools, pushed back against vaccine and mask mandates, and those that support our brave law enforcement. Over the past two months, our campaign deployed volunteers to help local candidates in their elections. I'm pleased to say we won some hard-fought victories yesterday.

Congratulations to KC Kasberg, Sean Boyle, Melissa Fox, and Leah Darrud. These candidates won city council races against the establishment. Despite the uphill battles they faced, they came out on top. Our campaign was honored to support them.

Joe Kent is available for interviews. If interested, please email Byron Sanford at byron@joekentforcongress.com or contact him via cell at 360.210.6943

This matters, the steel op / RU collision narrative set the template for turning the national security state against those who dare question the ruling class.

Steel targeted individuals, its evolved into J6, targeting 100s & now the DOJ targeting 1000s at school board meetings.

I just left the Patriot wing of the the DC jail where I visited with pretrial J6 defendants in person.

I asked questions and heard their stories.

The #AmericaFirst movement will not be intimidated by tyrants like Biden and Inslee. The masses are rising up and voting out tyrannical corporatists. This is why Joe Kent is polling in first place.

Unreal. Danchenko lied to the FBI in June 2017, and the FBI knew it, but he's only just now being charged.

53 On or about June 15, 2017, the FBI interviewed **DANCHENKO** in the Eastern District of Virginia regarding the Company Reports. FBI agents recorded the June interview without **DANCHENKO**'s knowledge.

54. During the interview, the FBI asked **DANCHENKO**, among other things, if he had talked to PR Executive-1 regarding any allegations contained in the Company Reports. **DANCHENKO** denied that PR Executive-1 provided any specific information related to the Company Reports. In particular, when an FBI agent ("Agent-1") mentioned PR Executive-1's name during a conversation about individuals who may have contributed to the Company Reports, the following exchange, in part, occurred:

FBI AGENT-1	Um, because obviously I don't think you're the only
DANCHENKO:	Mm-hmm.
FBI AGENT-1	Person that has been contributing. You may have said one – and this is the other thing we are trying to figure out.

Great recap of the media & DOJ assisting the DNC w/ undermining a presidential election.

My staff and I are writing a full report this morning on our 3+ hour long tour.

I've never seen human suffering like I witnessed last night.

While some were shown to us in seemingly beneficial programs, others were in tortuous lockdown.

Trafalgar Poll: Joe Kent Surges Into 1st Place, Trump Impeacher Rep. Herrera Beutler in 3rd

Battle Ground, WA – Today, Trafalgar Group released a poll showing Joe Kent leading the field in the first-round of the jungle primary. Joe is the choice of 30.6% of voters, over seven points ahead of incumbent Rep. Jaime Herrera Beutler who is in third place (23.4%), behind Joe and Democrat Brent Hennrich (24.7%).

Joe's favorability number is +16.6% (39.7% favorable, 23.1% unfavorable, with 37.4% of voters either having never heard of him or having no opinion). Jaime Herrera Beutler's favorability number is -25.8% (33.1% favorable, 58.9% unfavorable, only 7.8% unknown or no opinion).

Trafalgar Group was the most accurate pollster calling the 2021 Virginia Gubernatorial Election (accurate within 0.13%).

Kent Campaign Manager Byron Sanford released the following statement:

> That Joe is leading this race is no surprise to us. Joe is the only candidate with a serious presence on the ground. He's held over 100 public events, recruited over 400 volunteers, raised over $1.1 million, and earned the endorsements of both national and state leaders including President Donald J. Trump, Congressman Paul Gosar and Matt Gaetz, local GOP leader Loren Culp, and countless local elected officials and party leaders.
>
> Still, we do not take this election for granted. We are eight months away from when voters start to cast their ballots and will continue to campaign and raise money like an underdog.

Sanjay Gupta and CNN may have thought they were being cute, but marketing an unlicensed vaccine directly to children crosses mulitple major ethical lines. They deserve to be sued, boycotted, and Gupta should lose his license to practice medicine for this. Quite serious. NOT OK!!

The Atlantic is a blatant mouthpiece for the corporate class, they feared & loathed Trump & McEntee for putting the will of the American ppl 1st.

Ending wars & their lucrative empire building was what they truly feared.

This is evident in how the military industrial complex, natsec blob & the corporate press thwarted all of Trump's efforts to end wars to the point that this agenda had to be secretly passed around on notes by 2020.

Trying to hire people who will help execute on President's policy preferences is a virtue, not a vice. During Trump admin, it was doubly so when permanent bureaucracy opposed FP prefs & many politicals proved barriers to change. John McEntee should be praised for it, not scorned.

These are some of the most beautiful words I've ever read. From a hit piece on John McEntee, but they actually show why America needs the populist right.

People have different reactions to inflicting harm on other humans, no one reaction is correct or standard.

Kyle's reaction shows that he did not want this & that he has not fully processed the situation that he was put in.

Pray for this young man.

We lost our embassy in Sana'a under Obama/Biden due to their globalists natsec team cowering before the Iranians. Now that same team is back & Iran is flexing.

Trump was actively targeting Quds force officers in Sana'a after killing Sulmani.

Joe Kent: Stop Biden From Taking Away VA Benefits for Not Taking The Covid Shot

Battle Ground, WA - Today, Joe Kent announced his support for Congressman Brian Babin's bill to protect veterans from losing their benefits if they do not adhere to the Biden regime regarding the Covid shot

Joe Kent made the following statement

> The vaccine mandates are unconstitutional and immoral. We must protect the VA benefits our veterans earned with their blood and sweat. I fully support Congressman Babin's H.R. 5892, known as "Our Veterans Earned It Act"
>
> We must also ensure that those forced out of the military for refusing the vaccine receive an honorable discharge and the VA benefits they earned. Once I am in Congress, I will present legislation that gives those purged from the military due to their vaccine status the opportunity to return to the service. This legislation will make it illegal to force people to take the vaccine and make it illegal for employers to ask for one's vaccine status

Joe Kent - Biden Weaponizes Political Power To Target Steve Bannon

Battle Ground, WA - Today, Joe Kent condemned the indictment of Steve Bannon.

Joe Kent made the following statement:

> The weaponization of the Department of Justice against Bannon is a threat to the very foundation of our Republic. To indict Bannon for not appearing at a kangaroo hearing is a weaponization of political power against our constitutional rights.
>
> Biden and the globalists are going after Bannon to distract from their continuous boondoggles and because Bannon's platform is rallying for peaceful nationalist populist political action. This indictment shows that Biden's regime and his henchman at the DOJ, Merrick Garland, is content if not gleeful to go after political opponents. It's the type of banana republic governance one expects to see in Nicaragua or Somalia.
>
> We must take back both the House and Senate in 2022 and immediately move forward with the impeachment of Biden and Harris in early 2023. It's the bare minimum we should expect from representatives in Congress.

PRESIDENT DONALD J. TRUMP

- November 14, 2021 -

Statement by Donald J. Trump, 45th President of the United States of America

This Country has perhaps never done to anyone what they have done to Steve Bannon and they are looking to do it to others, also. If they would be so tough with China, Russia, and the world, who no longer respects us, maybe our Country would not be failing at a level at which we have never seen before.

Joe Kent To Debate Democrat Brent Hennrich In Congressional Debate On The Lars Larson Show

Battle Ground, WA Today, we agreed on the final parameters for a debate between Joe Kent and Brent Hennrich

Kent Campaign Manager Byron Sanford released the following statement

> We are pleased to announce that Joe Kent and Brent Hennrich will debate on the Lars Larson show at 1 pm PT on Friday, November 19th.
>
> Recent polling from the Trafalgar Group shows that Joe Kent is in first place with 30.6% as the America First Republican in the race. The Democrat Brent Hennrich is in second with 24.7%. This shows that these two candidates are the frontrunners in the race. RINO impeachment voter Jaime Herrera Beutler is in a distant third place, with every other candidate polling in single digits.
>
> Kent is looking forward to an honest and informative debate that will show a clear contrast between himself and Mr. Hennrich. Washington's Third Congressional District is one of the key congressional races in the midterms. Our incumbent voted for impeachment, President Donald Trump endorsed Joe Kent, and we have seen a surge in gang violence along the I-5 corridor due to gang violence fuelled by illegal immigration and drugs flowing across our southern border. We encourage everyone to tune in on the 19th of November for what will be a pivotal debate on the future of South West Washington.

They're all immoral, illogical, and unscientific.

I have a bill, HR3860 to stop the military mandate. The other mandates are unconstitutional abuses of power. Defund them

To distract from this the DOJ is targeting Bannon & O'Keefe for their reporting & activism.

The FBI needs to hunt down & arrest those responsible for the rioting, assaults & arson in the summer of 2020.

Those are the terrorists, not parents at school board meetings.

But they know this, Garland is trying to provoke & demoralize us.

This also shows the direct relationship between Antifa / BLM & the left (Dems & corporate media) when Trump was in office riots popped rapidly.

Antifa & BLM recognize this & are not noting, for now anyways, this could quickly change as surrogates are unpredictable

This sounds really bad and sounds like a self defense case. I cannot form any opinion on a case based solely on media reports or actual police statements anymore. The KR trial taught me that without actually watching the trial and evidence etc. you only know what they let u know

Pray for the victims of the attack in Waukesha, WI.

Demand justice & accountability. The man who committed this brutal attack should have been locked up long ago.

Without law & order our society crumbles.

SAVE AMERICA
PRESIDENT DONALD J. TRUMP

November 23, 2021

Statement by Donald J. Trump, 45th President of the United States of America

For decades our Country's very important Strategic Oil Reserves were low or virtually empty in that no President wanted to pay the price of filling them up. I filled them up three years ago, right to the top, when oil prices were very low. Those reserves are meant to be used for serious emergencies, like war, and nothing else. Now I understand that Joe Biden will be announcing an "attack" on the newly brimming Strategic Oil Reserves so that he could get the close to record-setting high oil prices artificially lowered. We were energy independent one year ago, now we are at the mercy of OPEC, gasoline is selling for $7 in parts of California, going up all over the Country, and they are taking oil from our Strategic Reserves. Is this any way to run a Country?

Trump topped off the reserve when we had the lowest prices, which was genius, the reserve should be used for emergency use only, like war, this will do nothing but put us deeper in debt, the gas prices will not go down because of this, just another way to weakin our country

The question is, are we simply an economy?

I strongly believe we are a sovereign nation that must care deeply for our people not just the whims of the market or the party in power.

What the Reps supporters fail to realize is the although we disagree on a lot of policy, we are both steadfast supporters of the constitution. There are plenty of policies to help Floridians that we agree on. Just because we disagree in a few areas doesn't mean we can't be civil.
